Auren Glass Ceiling Light

Product specification

Illustrative outline. Dimensions are stated values; drawing is not to scale.

DESCRIPTION

Auren combines a shallow rounded glass bowl with a short neck and a gold-tone ceiling rose. The glass is available in Beige, Green or Pink, each with the same 28 cm diameter and 15 cm overall height. One replaceable E27 bulb is required and is not included.

Beige glass appears pale and milky when unlit, with a warmer amber appearance when illuminated.

Light colour and brightness depend on the chosen E27 bulb.
