Avelin Asymmetric Wall Light

Product specification

Backplate diameter: 10 cm / 3.9"

Illustrative outline. Dimensions are stated values; drawing is not to scale.

DESCRIPTION

A metal wall fitting with two asymmetric arms and white cylindrical light covers. Its overall height is 55 cm, with a round 10 cm backplate and two G9 lamp positions. Gold and Black finishes are each available in separate Left and Right versions. Each fitting is sold individually, without bulbs.

Left and Right are separate versions, as shown in the variant images; each light is sold individually.
