Colourful Nordic Up & Down Wall Light

Product specification

Illustrative outline. Dimensions are stated values; drawing is not to scale.

DESCRIPTION

This wall light pairs two painted iron cup-shaped shades, one facing upwards and one downwards. Each shade has an E27 light position. Seven mixed colourways combine different shade and backplate colours. The body is a hardwired wall fitting, with a listed width of 12 cm and projection of 10 cm.

Each colourway combines different shade and backplate colours; the full combinations are listed with the variants.
