# Halston Linen & Bronze Wall Light

Product specification

Height: 24 cm / 9.4"

Illustrative outline. Dimensions are stated values; drawing is not to scale.

## DESCRIPTION

Halston combines oatmeal-coloured fabric shades with a bronze-tone metal centre and wall body. The opposed shade forms create its bow-tie outline, with light directed upwards and downwards. The 24 cm-high fitting uses replaceable G9 bulbs. Its structural metal is iron; bronze describes the visible finish.

Bronze describes the metal finish, not the structural metal.
