Ivera Ultra-Thin LED Ceiling Light

L 40 cm

Illustrative outline. Dimensions are stated values; drawing is not to scale.

DESCRIPTION

A capsule-shaped ceiling light with an iron frame and acrylic diffuser. Five lengths are offered in both Black and White, with a 20 cm width and 4 cm ceiling projection. Its integrated LED provides warm, neutral or cool white light, selected through the wall switch.

The current range has five lengths in each of the two rim colours.
