Varen Outdoor Glass Wall Light

Product specification

Illustrative outline. Dimensions are stated values; drawing is not to scale.

DESCRIPTION

A rectangular wall lantern with a Brown metal frame and clear, vertically fluted glass panels. The overall fitting measures 35 cm high, 15 cm wide and 20 cm deep. Its vertical backplate is 35 cm high and 9 cm wide. The mains-powered light takes one E27 bulb, which is included.

The 9 cm width refers to the backplate; the lantern is 15 cm wide overall.
